### 6. FINANCE CHARGES (reflected as "Interest" on the statement)

Please note that this section does not apply to Smart Credit Card. Please refer to FINANCE CHARGES FOR SMART CREDIT CARD below for details. Effective Interest Rate ("EIR"): 27.9% per annum (minimum). If payment is not received in full by the due date, finance charges will be calculated on a daily basis at 0.076% from the respective transaction dates for all transactions to the date the payment is received. For adjustments to EIR on Credit Card Funds Transfer account(s) if minimum payment due is not received in full by the due date on any of your credit card(s) and Credit Card Funds Transfer account(s), please refer to the Credit Card Funds Transfer Programme Terms and Conditions.

\*An account is considered past due if "Minimum Payment" is not received before the next statement date.

For PCL, OD, BOD, BCL, UOD and COL:

a. We charge interest on that part of the balance owing for the account for the line of credit/overdraft which is within the limit at the rate set out in the approval or any other rate we determine. Interest is charged on your account on the last day of the month.

b. Interest may be charged at different rates for the different parts of the balance owing on a line of credit/overdraft. Unless otherwise specified in our banking agreement, interest accrues on a daily basis and is calculated on the basis of a 365 day year.

### 7. FINANCE CHARGES FOR SMART CREDIT CARD (reflected as "Interest" on the statement)

Effective Interest Rate ("EIR"): 23.9%, 27.9% or 29.9% per annum ("p.a.") based on the Bank's assessment of your credit profile. If payment is not made in full by the due date, finance charges will be calculated on a daily basis at 0.065%, 0.076% or 0.082% from the respective transaction dates for all transactions to the date the payment is received. The Bank will conduct two rate reviews in each calendar year on all Standard Chartered Smart Credit Card accounts and the first rate review will take place on 15 March of each calendar year and the second rate review will take place on 15 September of each calendar year. Each of such rate reviews shall be known as a "Rate Review".

The EIR for all credit cards which are issued on a Standard Chartered Smart Credit Card account is fixed at 27.9% p.a. until the date on which the first Rate Review is conducted by the Bank on that particular account (inclusive of this date).

If there are any changes to the EIR for your Standard Chartered Smart Credit Card account after a Rate Review, you will be given 30 days' advance notice before the new EIR is imposed. If the EIR for your Standard Chartered Smart Credit Card account remains the same after a Rate Review, the Bank will not provide you with any notification.

For the avoidance of doubt, the EIR for a Standard Chartered Smart Credit Card account will apply to all credit cards which are issued on that particular account including supplementary cards.

### 8. LATE PAYMENT CHARGE

A late payment charge of \$100 will be charged if "Minimum Payment" is not received by the "Payment Due Date".

### 9. FOREIGN CURRENCY TRANSACTIONS

All foreign currency transactions (including overseas and online transactions) effected in US Dollars will be converted to Singapore Dollars on the date of conversion. All foreign currency transactions effected in a foreign currency other than US Dollars will be converted into US Dollars before being converted into Singapore Dollars (the "converted Singapore Dollars amount"). The exchange rate may differ from the rate in effect on the date of the transaction due to the market fluctuations. Any rate imposed is final and conclusive and you bear all exchange risks, loss, commission and other bank costs which may be incurred as a result. All conversions will be based on the prevailing wholesale interbank rates or the government-mandated rate, as shall be determined by the respective card associations, namely Visa Inc. ("Visa") or Mastercard International ("Mastercard").

In addition, all foreign currency transactions (including overseas and online transactions) charged to Visa / Mastercard cards will be subject to: i. a prevailing charge of 1% of the converted Singapore Dollar amount representing the charge imposed by Visa / Mastercard on the transaction; and ii. a prevailing fee of 2.5% of the converted Singapore Dollars amount.

### 10. DYNAMIC CURRENCY CONVERSION

If your foreign currency transactions (including overseas and online transactions) are converted into Singapore Dollars via dynamic currency conversion, which is a service offered at selected overseas ATMs, websites or by certain merchants ("DCC"), you acknowledge and agree that the process of conversion and the exchange rate applied will be determined by the relevant DCC provider and not by us.

In addition, all foreign currency transactions (including overseas and online transactions) converted via DCC will be subject to a prevailing charge of 1% of the transaction amount representing the charge imposed by Visa/Mastercard.

### 11. SINGAPORE DOLLAR TRANSACTIONS PROCESSED OVERSEAS

In both these cases the transaction is treated as a foreign currency transaction and the process of conversion and the exchange rate applied will be determined by the relevant payment processing intermediary or the Acquirer and not by us.
